EDUCATION

- Northwestern University**, Evanston, Illinois
- Bachelor of Music** in Composition: *student of Alan Stout and Michael Pisaro* 6/98
- Bachelor of Music** in Guitar Performance: *student of Anne Waller*
- GPA: 3.81 / 4.0 SUMMA CUM LAUDE
- Master of Music** in Guitar Performance: *student of Anne Waller* 6/99
- GPA: 4.0 / 4.0
- The Graduate Center CUNY**, New York, New York
- PhD Music Program** in composition: *student of Amnon Wolman and Morton Subotnick* 2005-present
- Enrolled in Graduate Center's **Interactive Technology and Pedagogy Certificate Program***

TEACHING / WORK EXPERIENCE

- King Abdullah University of Science and Technology (KAUST)** 8/09 - present
- Advanced Computation and Visualization Research Facility**, Thuwal, Saudi Arabia
- Audio Systems Coordinator and Lead Developer*

Operate and conduct research on multi-channel networked audio systems throughout facility, controlled by Meyer's CueStation software and other custom software;

Train and work with faculty, researchers, and students in the facilities; Create audio for research projects and demonstration content.

<http://www.kaust.edu.sa/research/core-visualization.aspx>

- stereoscopic immersive cube visualization lab (100-million pixels), with 24-channel audio system
- multi-purpose room, with 50-channel audio system, 32-million pixel stereoscopic digital cinema
- showcase room, featuring a variety of multi-channel audio systems and large-scale regular and stereoscopic video systems.
- three smaller development rooms with multi-channel audio and stereoscopic video systems

- Harvestworks**, New York, New York 2/07 – present
- Processing Programmer and Teacher*
- MaxMSP/Jitter Programmer and Teacher*

Teaching and programming work in the design of applications for real-time surround sound spatialization, audio and video processing, computer/sensor interfaces.

Classes and workshops taught:

"Intro to MaxMSP"

12 hour introductory course includes basic programming with Max, MIDI, control, user interfaces, timing objects, and scaling/mapping numbers.

"Intro to Jitter"

9 hour introductory workshop in the Jitter object system.

"MaxMSP/Jitter Full Week Intensive Course"

Full week 40hr crash course in Max/MSP and Jitter.

"Multichannel Audio and Video Spatialization in Max/MSP/Jitter"

3 hour workshop for intermediate Max programmers, exploring methods for controlling the movements of sonic and visual objects in 2D and 3D space.

"MSP for Jitterists"

3 hour workshop for Jitter artists with little or no audio experience, exploring methods of using audio to drive and/or process jitter programs.

Zachary N Seldess

Brooklyn College Conservatory of Music, CUNY, Brooklyn, New York <i>“20th Century Music Theory”</i> Harmonic and contrapuntal vocabulary and techniques of the modern era. Stylistic and theoretical emphases: Experimentalism, Serialism, Post-tonal analysis, Minimalism, Electronic Music / new uses of technology, Improvised Musics, etc. <i>“Introduction to Music” (two sections)</i> lecture for non-music major undergraduates General overview of music history, theory, structure and basic ear training	9/05 - present
New Media Lab, Graduate Center CUNY, New York, New York <i>Graduate Researcher</i> Design of networked interactive virtual sound environments in 3D Game Space using MaxMSP/Jitter and the Torque 3D Game Engine (http://www.nml.cuny.edu)	12/05 - present
First Conservatory of LaGrange, LaGrange, Illinois <i>Private guitar lessons</i> for all ages (classical, rock/blues, pop, etc.)	1/05 - 8/05 12/00 - 7/03
Harold Washington College, Chicago, Illinois <i>“Fundamentals of Music”</i> for undergraduates Introduction to music theory and application; rhythm, meter, scales, intervals, triads and music terminology; development of basic aural and keyboard skills <i>“Introduction to Music”</i> lecture for non-music major undergraduates General overview of music history and theory from the medieval period to the present <i>Private guitar lessons</i> for music major undergraduates	1/02 - 6/03
Wilbur Wright College, Chicago, Illinois <i>“Introduction to Music”</i> lecture for non-music major undergraduates General overview of music history and theory from the medieval period to the present <i>Private guitar lessons</i> for music major undergraduates	8/00 - 6/02 8/00 - 6/03
Guizhou University, Guiyang City, Guizhou Province, China <i>“Conversational English”</i> lecture for all sophomore English majors	9/03 - 7/04
Northwestern University School of Music, Evanston, Illinois <i>Beginning and intermediate guitar classes</i> for music major and non-music majors Aspects of guitar technique, basic accompanying skills, ensemble playing, guitar music appreciation, and note reading with an emphasis on pedagogy (music education majors) <i>Private guitar lessons</i> for graduate and undergraduate music and non-music majors	9/98 - 6/99
Northwestern University High School Music Institute, Evanston, Illinois <i>Private guitar lessons</i> and coached ensembles	7/95,96,97,98
Suzuki/Orff School for Young Musicians, Chicago, Illinois <i>Group classes and private guitar lessons</i> to children from the ages of 4 and older	7/98 - 6/99

WORKSHOP/SEMINAR EXPERIENCE

Workshops/Seminars on new uses of technology in the Arts (MaxMSP/Jitter and other tools):

SUNY Fredonia University, Fredonia, NY - School of Music	3/4/08
SUNY Stony Brook University, Stony Brook, NY - Department of Theater Arts	4/3/08
Hartwick College, Oneonta, NY - School of Music	4/8 - 4/9/08

Zachary N Seldess

CONFERENCES / AWARDS

- Chamber Music Americal 2009 National Conference**, New York City 1/17/09
Presented custom performance software using wireless sensors and live video tracking, designed for flutist and Harvestworks 2008 artist in resident Jane Rigler
- New Interfaces in Musical Expression Conference 2007**, NYU, New York City 6/9/07
Programmed, co-designed and presented Manhattan New Music Project's "Music Cre8tor"
- a sensor/software interface for musical exploration and education
- Nominated for "**Most Distinguished Faculty Award**", **Harold Washington College** Fall 2003

PRODUCTION / ORGANIZATIONAL EXPERIENCE

- Judge Panelist for Harvestworks 2009 Artists Residency Program** 12/31/08
- Co-director / Organizer**
New York Electroacoustic Music Festival and Conference 4/1 - 4/6/09
Featuring featuring three days of mixed-media concert works, interactive sound installations, paper sessions, and two days of workshops.
- Founder and Co-director of Intermedia Arts Group**
CUNY Convergence: An Evening of Electroacoustic Music and Media 5/16/08
Featuring works by CUNY faculty composers George Brunner, Doug Cohen, David Grubbs, Hubert Howe, John Jannone, Tania Leon, Andrea Polli, and Amnon Wolman
- Expo 2006: Bending Technologies in and out of Academia** 11/17/07
Featuring presentations by Morton Subotnick with an interview by David Grubbs, and a performance by *This Spartan Life* - a talk show residing in the Halo online multiplayer universe.
- Artifacts: An evening of interactive music and media** 5/12/06
Featuring works of Amnon Wolman, Nathan Bowen, Rob Collins, Paul Riker, and Zachary Seldess
- Artistic Director / Organizer**
American premiere of Gerhard Stabler's vocal work "*SPEED*" 5/03
Performed at 3030, Chicago, IL. as part of "The Discrete Series"
(monthly event of poetry/music/performance)
- Artistic Director / Organizer**
Antennae Performance, Chase Cafe, Chicago, Illinois 7/12/02
Music by Gerhard Stabler, Kunsu Shim, Michael Pisaro, Istvan Zelenka, Pierre Thoma and Craig Shepard; poetry by Michael Basinski, Stacy Doris, Jen Hofer and Ryan Weber

PUBLICATION

- Antennae**
Biannual print journal of experimental poetry and music
- The score to 124 Milton St. Extract: a movement (2000) 6/01
- The scores to Etiquettes (2) and Etiquettes (4) 6/04

Zachary N Seldess

COMPOSITIONS

A Head of View (2009)

an interactive sound world in networked 3D game-space (premiered at ZKM)

Nitrogen Cycles (2009) – in collaboration with Andrew Demirjian

an 8-channel sound art installation that sonically maps the daily activity of live fish into the gallery space.

tinge, disperse (2008)

Live 8-channel audio/video work for laptop performer

Empty Shell, Robbed Time (2007) – *first installment*

Interactive personal computer sound installations with imposed finite life-cycles

Music Cre8tor (2007) – *an ongoing project*

Interactive sensor/software interface for musical exploration and education;

designed with Jane Rigler for the Manhattan New Music Project; programming by Zachary Seldess

Planetary Excursion (2007)

Surround sound interactive 3D solar system – a collaborative installation/performance piece by the Intermedia Arts Group

Circumference (2007)

For flute, oboe, violin, cello, and two classical guitars; written for the Cygnus Ensemble

Agie (2007)

For solo laptop performer with video projection

Fred, Victoria, Bruce, and Agnes – LIVE (2006)

For laptop chamber ensemble (4 laptop performers with projection, 1 laptop conductor)

Two Pieces for Solo Laptop (2006)

For solo laptop performer (performable remotely over LAN or Internet)

Vexations_6.11 (2006): a solo laptop arrangement of Erik Satie's "Vexations" for solo piano

For solo laptop performer

Cabinet (2005)

For flute, oboe, violin, cello, and two classical guitars; written for the Cygnus Ensemble

Street Fighter: an improvisational ballet (2005) – in collaboration with Yonatan Niv and Andy Graydon

For two players, Street Fighter, Max/MSP, and real-time video processing

Point Profess Your Excellency Seat – in two movements (2005)

For flute, oboe, and bass clarinet

Music of the Cube (2004)

For 48 musicians, a conductor (who manipulates a 3x3 Rubik's Cube) and a Java applet manipulator (who transfers the conductor's manipulations to the computer screen)

Sonic Chess (1) (2002)

For thirty-two musicians and two chess players

Etiquettes 1, 2, 3, 4 (2002)

For five performers; for two pairs of performers, each pair comprised of like instruments; for six or more bowed strings; for two or more groups of three performers, each group comprised of like instruments

Procession: Yang Shuo Extract (2001)

For two double reeds, two gongs, one pitched hide drum, two unpitched hide drums, and two sets of cymbals

124 Milton St. Extract: two movements (1999, 2000)

For ten crystal glasses played by ten performers, one marimba played by one performer, two drum sets (two bass drums, four snares, four floor toms, four mounted toms) played by four performers, and white noise

Prelude (1998)

For rock band (two electric guitars, electric bass, and drum set)

Under (1998)

For trombone, bass flute, baritone saxophone, and bass clarinet

Notation Studies No.1, No.2 (1998)

For cello, baritone saxophone, and bassoon

Zachary N Seldess

Findings (1998)

For solo classical guitar

Along These Paths (1997)

For baritone voice, alto flute, bass clarinet, and guitar

Boiling Water Music (1996)

For solo French Horn with thimbles

PERFORMANCES OF COMPOSITIONS

for a more complete list, please see website (<http://www.zacharyseldess.com>)

Cygnus Ensemble , Elebash Hall, Graduate Center CUNY, New York, NY	3/12/07
Premiere of "Circumference" (for flute, oboe, violin, cello, and two guitars)	
Cygnus Ensemble , Elebash Hall, Graduate Center CUNY, New York, NY	4/16/06
Premiere of "Cabinet" (for flute, oboe, violin, cello, and two guitars)	
The Musical Offering presents Jesse Langen solo guitar , Chicago, IL	8/04
A performance of Findings (for solo guitar)	
JCFA Composers Orchestra , Butler University, Indianapolis, IN	10/03
Performed Etiquettes (4) as part of "The 10 th Dangerous Season 2003/04"	
The No Exit Cafe , Chicago, IL	10/02
A performance of 124 Milton St. Extract (both movements)	
ERP presents "Elastic Vaudeville" at the Vittum Theatre , Chicago, IL	8/02
A performance of 124 Milton St. Extract (for four drum sets, 10 crystal glasses, etc.)	

PERFORMANCE EXPERIENCE

Northwest Chicago Symphony Orchestra (soloist)	3/02
Performed as soloist in Villa-Lobos' "Concerto pour Guitare et Petite Orchestre"	
Northwestern University Contemporary Music Concert (guitar duo)	5/01
The American Premiere of Mate Ollos' "Gemini Guitars"	
Mary Leigh Block Gallery Opening (soloist, chamber group)	3/01
Alvin Lucier's "Queen of the South"	
The American Premiere of Michael Pisaro's "The Collection" for various instruments	
Green Mill New Music Concert Series, Chicago, Illinois (w/ NU Guitar Quartet)	2/01
Paul Failla's "Regress:Respond:Retain <i>for 24 strings</i> "	
Chicago Classical Guitar Society's <i>Guitar Showcase</i> (soloist)	12/99
Solo recital of works by Robert de Visée, Augustin Barrios, Oliver Hunt, and Roberto Gerhard in the first annual Guitar Showcase Series	
Northwestern University Contemporary Music Concert (soloist)	11/99
David Bedford's "You Asked For It" for solo guitar	
Northwestern University Contemporary Music Ensemble Concert	11/99
As banjo player (substitute for musical saw), Shostakovich's "Suite for Jazz Orchestra No.1"	
Northwestern University Contemporary Music Concert (chamber ensemble)	5/99
As a member of the ensemble, Terry Riley's "In C"	
Northwestern University Contemporary Music Ensemble Concert	5/99
As a member of the ensemble, John Adams' "Gnarly Buttons" for clarinet and small orchestra	
Chicago Composers Festival 1999 (duo)	3/99
The Premiere of Michelle Minto's "Two Movements for Guitar and Clarinet"	
IMAGINE '99 New Music Festival, Memphis, Tennessee (w/ NU Guitar Quartet)	2/99
The Premiere (guitar quartet version) of John Baur's "For Four"	

Zachary N Seldess

Northwestern University Composer's Workshop Concert (guitar trio) The Premiere of Bjorn Berkhout's "Trio"	2/99
Northwestern University Contemporary Music Concert (soloist) Tom Johnson's "Alexandrins <i>pour guitare</i> "	11/98
Northwestern University Composer's Workshop Concert (chamber group) The Premiere of Jennifer Walshe's "Rows of Houses" for two guitars and string bass	11/98
Chicago Classical Guitar Society's <i>Segovia Classical Guitar Series</i> (Chicago Guitar Camarata) As a member of the ensemble, works by Vivaldi and Handel	10/98
Northwestern University Contemporary Music Concert (soloist, chamber ensemble) The American Premiere of Gerhard Stabler's "Bittersus" for bowed guitar and crystal glass As a member of the ensemble, the Premiere of Michael Pisaro's "Everyday"	4/98

COURSE POSSIBILITIES

Introduction to Programming for Artists
Computer Music with Max/MSP/Jitter
Sequencing, sampling, digital signal processing, synthesis, MIDI and general programming skills within the Max/MSP environment.

Composing with Interactive New Media
Computer Sound/Music for Video Artists
Live and Interactive Video Processing
Advanced Topics in Interactive Programming
Multichannel audio/video, video tracking, real-time OpenGL animation, etc

Game Design for Artists using the Torque 3D Game Engine
Experimental Music Ensemble and Workshop
Laptop Orchestra
Fundamentals of Music Theory for undergraduates
Intermediate and Advanced Music Theory
Aural Skills / Ear Training
Introduction to Music / Music Appreciation
Introduction to Music Composition
Approaches to musical notation and compositional process (12-tone, Aleatoric, Graphic, etc.) through lecture, free/restricted short exercises, performance, and discussion

Guitar Class for Music Education Majors
Various aspects of guitar technique, basic accompanying skills, ensemble playing, guitar music appreciation, and note reading with an emphasis on pedagogy

Private Guitar Lessons
